Dear Ms. Norton:

This letter will confirm your participation in our **SIGNED FIRST EDITIONS OF SCIENCE FICTION** series (the "Series").

The Series will consist of first editions of science fiction titles autographed by the author. Each book in the Series will retail for not less than \$35 (thirty five dollars) per volume.

We are making separate arrangements with your publisher for the first edition rights of an upcoming book of yours. You recognize that our ability to make such a commitment must await our review of a manuscript or galley. You agree to assist us in gaining access to such manuscript or galley and to assist our discussions with your publisher.

This letter will confirm our understanding as follows:

1. We may use your name, likeness, biography, and signature in connection with all marketing and promotional efforts for publication of the Series. Marketing materials making use of your name, likeness, biography, and/or signature shall be submitted to you in advance for your approval, such approval not to be unreasonably withheld and if not exercised within ten (10) business days of our request deemed approved.

2. You agree to provide a letter on your personal letterhead suitable for inclusion in the marketing materials in a form to be mutually agreed. In addition, you will either provide us with a suitable color photograph of you signing books or permit us to arrange to take your photograph at a place and time convenient to you. Any photograph to be used in the marketing materials will be approved in advance by you.

A handwritten signature, possibly 'M', is written in the bottom right corner of the page. Below it, the initials 'TJC' are written.
